

# JOIN LEADERS IN HEALTH CARE TRANSFORMATION

**Use your trusted voice, take action, and create lasting change to advance our vision of health care – focused on healthy people, living in equitable and resilient communities, on a sustainable planet.**

**Share best practices and advocate for a sustainable, healthy future.** Our [Physician Network](#) welcomes emerging and established physician leaders leveraging their influence and expertise to advance the growing health care sustainability movement.

**Gain access to a comprehensive set of resources to educate** your colleagues and community about the health impacts of climate change with our [Nurses Climate Challenge](#). The challenge also offers partnership opportunities with schools of nursing across the country.

**Get your health care system, center, or hospital involved** with the ultimate network of health care sustainability champions. [Practice Greenhealth](#) partners have exclusive access to a suite of resources, events, experiences, and sustainability experts.

**Attend numerous peer-led sessions at [CleanMed](#),** the premier conference for health care sustainability leaders. Convene, collaborate, and conduct societal transformation for individual, community, and planetary health.

Health Care Without Harm's newsletters are a great way to keep your finger on the pulse of what's emerging in the field. **Sign up today.**
